## DATA SHEET

# TOTÊME table

INITIALLY DESIGNED AS A MULTIPURPOSE THREE PILLAR MODULAR TABLE, WE LASTLY DECIDED TO ADAPT IT TO AN UNCONVENTIONAL LOW VERSION LEAVING ONLY 2 PILLARS. JUST AS THE NAME SUGGESTS, TOTÊME EMBODIES AN IMPRESSION OF AN ANCIENT SCULPTURE CARVED OUT BY OUR ANCESTORS WITH A BEQUEST TO CHERISH IT MANY GENERATIONS AHEAD. THIS CONCEPT ECOES IN THE MASTERFULLY HAND-APPLIED GRADIENT PATINA OF THE SOLID APPEARING BRASS BASE, EMPHASIZING SYNCHRONOUSLY THE SOLID FUNDAMENTAL VALUES AND THE EVERLASTING TRANSCENDENCE.
